

Blossom

It's Blossom's turn to find her happy ever after. Blossom was found on the streets of CA pregnant. She came to Chew, and a week later delivered her puppies. The adoption of her puppies has been completed and now it's Blossom's turn. Blossom is very petite at only 7lbs, but she's bursting with life! We think she is just turning 1 year old, and keeps us entertained with her mischievous puppy antics. She is very smart, loves to run around the yard and quickly learned to use the foster's doggy door. Blossom needs a fully fenced yard and would do best with respectful children 8 years and older.
