

Isla

Meet Isla (pronounced eye-la). She is a super sweet maybe 8 month old puppy--we think she is maybe an Airedale/shepherd mix. She is shy when she first meets people, but within minutes she warms up and is ready for some petting. Isla needs a home with a fenced in yard (not invisible/electric fence) and no cats. She loves toys and playing in the yard or lying in the sun. She loves to be with her family and will follow them from room to room and then lay down and watch. She enjoys play time with other dogs off leash as long as they aren't too crazy at first--once she adjusts to them, let the games begin! She also loves children. Isla is crate trained for up to 3 hours when left alone just to keep her safe from the dreaded paper towels that call to her to shred them (all paper really). She is young and needs potty breaks fairly often and a home that doesn't require her to be alone long hours. Isla walks well on leash and loves car rides or anything she gets to do with her person is a good thing! Isla sleeps through the night without accidents. If you think you can give Isla a great home and you're looking for a friend for life please fill out and application. Isla weighs about 45 lbs. but is still growing.
