

# Kimmy

Kimmy is 27 pounds of sweetness. She is 8 months old. She is friendly and enthusiastic. Kimmy loves being with people. She is also a fan of toys. She amuses herself by emptying all of the toys from the toy basket so she can watch her foster mom put them all back for her so she can take them all out again. Kimmy is fine in the car. Because of her puppy energy she does need supervision at home and she needs more practice walking on the leash quietly. Kimmy would do best in an active all adult household or with a family with respectful children ages 8 years old and older.
