

# Luna

Hi, my name is Luna and I am loving and kind to both adults and children. I know basic commands: sit, down, come, stay, go away and shake (I'm very smart). I love going for walks and I don't pull and mostly ignore other people and dogs. When my foster mom brings out my harness, I walk right up to it and put my head into it and stand very still while she snaps it on me. I also enjoy car rides. I will play fetch with my toys, but it is my own special version of fetch--if you throw one of my toys, I will go fetch it...and bring it to my bed. I am house broken and am just fine being left loose in the house when my humans have to go somewhere without me. But my absolute favorite thing is hanging out with my humans so I need a home with someone who is at home more than not—I don't have separation anxiety, just love being with my humans.

*This gentle, quiet, sweetheart is ready to go on as many walks as you want. She doesn't pull, and mostly ignores other people and dogs. Luna knows sit, down, come, stay, go away, and shake. This gentle, quiet sweetheart needs a home with a fenced yard (not invisible/electric fence) and while she loves children of all ages, she needs an all adult home or a home with older respectful children. And she'll do best as an only dog. We do not know how she would do living with a cat...we expect that would not work for her. Luna is 8 years old and is a little chubby at 80lbs. Her foster mom is helping her lose weight.*
