

Mabel

Mabel is an 8 year old Chihuahua (barely middle-aged for a Chihuahua). She is a friendly, confident, perky dog who gets along well with people and other dogs. She is not intimidated by big dogs or even veterinarians. (She is trying to learn not to chase cats.) She walks nicely on the leash and is housebroken. She loves to take naps and will snuggle under blankets and onto pillows to find the most comfortable spot. Mabel will keep you company on the couch, right by your side or on your lap. At night she likes to sleep on the bed with her people, under the covers, which is really nice if you like a sleek and soft mini-radiator to keep you warm. She hardly ever barks, except when people come to the front door, because it is her job to defend the home. (She settles down right away once she's assured they are not home invaders.) She may also bark a little when she wants to play. Her special talent is standing on her hind legs, which she does when she's excited.

Mabel does not like to be left at home but she does not destroy things or bark or go through the trash while unsupervised. She is OVERJOYED when you return. She is quite low-maintenance but she does like to be with her people. She's a sweet, lovable dog who will make a wonderful companion for some lucky person or family.
