

# Snickers

Snickers is about a year old and weighs about 11 pounds. He came to us from CA where he had been dumped in the country with another dog. Considering all he has been through, he is a superstar. He is still quiet and unsure around new people but is learning to warm up more quickly every day. Since he is a California boy, Snickers likes to wear one of his coats when he goes for his walks. He does beautifully with the cats in his foster mom's home. He is often found sleeping next to one of them. Snickers loves his walks and likes to go for car rides. He enjoys going to doggie daycare for some fun time with other dogs his size. At home Snickers likes to be next to his foster mom and doesn't like to be left alone for very long. He would do best in an all adult home or with a family with children 10 years and up.
