

Sunflower

This is Sunflower. She was named for her "sunny" disposition. She loves her stuffed toys and likes to play with other small dogs off leash. She is also good with cats. Sunflower likes to snuggle and to hang around with her foster mom and is good with older respectful children. Sunny does well in the car. Her foster family has been working with her on her leash walking so that will need to be continued in her forever home. She is very sweet with people but does not like to interact with dogs while on her leash. Overall, she is a delight to have around and will make some lucky person a wonderful companion. Sunflower would do best in an all adult household or with respectful children 8 years old and up.
