

# Viva

Sweet Viva is beautiful terrier mix who is about two years old and weighs 17 pounds. She loves to go on walks and likes car rides. She is a little shy around other dogs and seems a bit fearful of large dogs. She is a great companion to her foster mom. Viva likes to hang out but when the mood strikes her, she can be full of life showing her joy and happiness by bouncing around the house. Viva likes people but it takes a few minutes for her to warm up to strangers. She would do best in an active all adult household or with respectful children 12 years and older.
